Comm Report on

Pet of Theo Reiser

Gentlemen. - Your Claims and Accounts Committee to whom was referred the claim of Theodore Reiser for \$279.60 as compensation for time lost and Doctor bill occasioned by injuries sustained by being thrown or falling from a wagon at the intersection of Fourteenth and Brazos streets have fully considered and investigated the same having obtained all the facts

connected therewith accessible to your committee.

While your committee deeply regret the injury received by Mr Reizner and he has their sincere sympathy for what ever suffering he has incurred therefrom and would be gratified if he could properly receive compensation for his actual loss in the value of the time in which he was prevented from pursuing his occupation and any expense on account of physician bill, yet your committee is unable to conclude that the city is in any way legally liable for the payment of his claim.

And believing that the city council have no authority to use the peoples money for the payment of any other than legitimate demands we are constrained to report adversely said claim and to recommend that it be not allowed.

A statement of <sup>the</sup> facts ascertained by your committee would render this report too voluminous and it is therefore omitted
